Languages, Art & Pottery

Fun French (4 – 7 yrs)

These classes are designed to introduce your child to French through lively games, songs and activities so they can gain a good accent and have fun at the same time. The classes are taught by a native French lady. Each week will include: activity work sheets, games and songs based on a different topic. Please make sure you book the correct class – according to your child's age.

Paper Craft Club (6 – 10 Yrs)

Unleash your child's creativity in this fun and exciting class. Each session explores the art of creating everyday items using paper and allows children to develop creative problem solving skills. Participants will enjoy making simple origami, wacky greetings cards, paper dolls houses, lanterns, cheerleading pom-poms, paper flowers and more.

Art (7 – 11 yrs)

A course designed to improve art appreciation. We will be looking at various artists and periods of art history for inspiration to create our own artwork. Materials will be supplied.

Pottery

Learn and enjoy working with clay. Children will make pots by hand-building methods before learning to work on the wheel. Decorating with slips and glazes will also be covered. A small charge is made to cover the cost of materials and firings. Numbers are limited, so book early. Please bring a PVC apron and wear old clothes.
